

REMARKS

**The Claim Amendments**

Claims 1-30 were pending in the present application. Applicants have canceled claims 13 and 14 without prejudice. Applicants have canceled claims 3, 4, 28 and 29 without prejudice as drawn to a non-elected invention. In response to the restriction requirement set forth in the Office Action, Applicants have amended claims 5-8, 10, 15, 27 and 30 without prejudice to exclude non-elected subject matter, *i.e.*, compounds wherein A is alkyl, alkenyl, alkynyl, alkoxy, and aryloxy or B and A together form a 5-7 membered heterocyclic or heteroaryl ring. Claim 5 has been amended to exclude non-elected embodiments of group R and to delete reference to canceled claims 3 and 4. Claims 6 and 7 have been amended to exclude non-elected embodiments of group R. Claims 8, 10, 15 and 30 have been amended to delete reference to canceled claims 3 and 4. Claim 8 was also amended to correct a typographical error. Claim 27 has been amended to depend from claim 1 and to exclude non-elected subject matter. For clarity, Applicants have rewritten canceled claims 13 and 14 as newly added claims 31 and 32 to exclude non-elected subject matter. Support for the amended and newly added claims is found throughout the application and claims as originally filed. No new matter has been added.

Accordingly, upon entry of the instant amendments, claims 1, 2, 5-12, 15-27, and 30-32 will be pending in this application. For the Examiner's convenience, a copy of all claims pending after entry of this amendment is provided in the attached "Pending Claims After Entry Of Amendment."

## **The Restriction Requirement**

The Office Action required restriction of the claims of this application under 35 U.S.C. § 121 into one of the following Groups:

Group 5: Claims 1, 2, 5-12, and 15, drawn to compounds limited to genus G3, wherein genus G3 is defined as those compounds in which variable A is limited to that which is defined in claims 1 and 2 and n is 1.

Group 6: Claims 3-12, 15 and 29, drawn to compounds limited to genus G4, wherein genus G4 is defined as those compounds in which variable A is limited to that which is defined in claims 3 and 4 and n is 1.

Group 7: Claims 16-26, drawn to a method of using the Group 5 compounds.

Group 8: Claims 16-26, drawn to a method of using the Group 6 compounds.

Group 9: Claim 27, drawn to compounds limited to genus G5, wherein genus G5 is defined as those compounds in which variable R<sup>14</sup> is NH-R<sup>56</sup> or (CH<sub>2</sub>)<sub>q</sub>-aryl.

Group 10: Claims 27-28, drawn to compounds limited to genus G6, wherein genus G6 is defined as those compounds in which R<sup>14</sup> can be whatever is permitted by claim 27, provided that genus G5 is excluded.

Group 11: Claim 30, drawn to a method of using compounds of Group 9.

Group 12: Claim 30, drawn to a method of using compounds of Group 10.

Group 13: Claim 30, drawn to a method of using compounds of claim 29.

Applicants elect the claims of Group 5 (claims 1, 2, 5-12 and 15) for examination on the merits. As stated above, Applicants have amended claim 27 to exclude non-elected subject matter and to depend from claim 1. Applicants respectfully request that claim 27, as amended, be included in Group 5. Applicants have also rewritten canceled claims 13 and 14 as newly added claims 31 and 32. These claims should also be included in Group 5. Accordingly, applicants request that Group 5 now include claims 27, 31 and 32.

As acknowledged in the Office Action, Applicants may request rejoinder of the corresponding methods claims with the elected group if and when any of the elected claims are found allowable. Accordingly, applicants have not canceled claims 16-26 and claim 30.

Because Applicants have elected Group 5, no species election is required.
